A REALtor for REAL people.
Hi. My name is Jordan Marie Schilleci, and I am a REALTOR® in the Greater

Houston Area. I live in Spring, TX (think Klein and Champion Forest). I focus on serving those of my community out of my home office in Memorial Northwest and my brick and mortar office in The Woodlands.

I have been in the real estate industry for almost 3 years, holding my license for almost 2 of it, and while this might not sound like a lot of years, let me assure you, I know what I am doing. I have been on the selling, buying, or leasing side of over 60 transactions.

I was actually born here in Spring, but spent most of my childhood traveling or in Kansas, where I graduated from high school. I graduated in 2010, receiving my Bachelor of Fine Arts in Web Design and Interactive Media from The Art Institute of Houston.

When not working you can find me hanging out with my husband and family.

Project Giving Back ..Only Program.. Teacher Edition

Up to \$1600 in Realtor and lender given closing cost assistance, donations to school program of their choice, and discounted escrow fees.

What is it?

In short, it is a real estate benefit program specifically designed for teachers and school professionals.

There is only one qualification, the individual must be a teacher, or work in the ISD. Not only are there some great monetary benefits to this program, but there is a value benefit that one cannot put a price tag on. A knowledgeable real estate agent whose main purpose is to put her client's interests first, someone they can trust, will be guiding them the whole way. Buying or selling a home can be stressful, but it doesn't have to be. With Project Giving Back and the Only Program, they will be working with a specialist.

Ms. Funk, Mrs. Reynolds, Mrs. Fisher

Just a few names of the hundreds, thousands, and millions.

While these names might not mean a lot to you, they made a world of a difference for me. The names listed above are just three of the teachers in my life that left lasting impressions, helping me become who I am today. These teachers helped me make goals, kept me grounded, and taught me beyond the numbers, beyond the periodic table, and beyond the tests. I learned so much value from them that I will never be able to give back.

Well, that is what I thought until my 4-year-old daughter, Scarlett, started school in 2015, and I was reimmersed in the world of teachers. This led to a “light bulb” moment. I realized that I can use my profession, my profit, my creative juice, and my heart to give back to teachers in a unique way.

Not only can I use my skills to help teachers, I can provide a portion of my income to help support things they really care about, as well as up to \$800 credited at closing towards their personal closing costs. I was yearning to go beyond myself led to, and Project Giving Back™ was born.

Today it has grown into so much more than when it was first dreamt up. Project Giving Back™ is now an umbrella to all I want to do for our community and the Only Programs are just one part of it.

1

BUYING

This program is beneficial to teachers or school professionals buying their new home.

2

SELLING

This program is beneficial to teachers or school professionals selling their home.

3

INVESTING

This program is also available to teachers who are investing in real estate.

I AM LOOKING TO WORK WITH TEACHERS THAT ARE NOT IN IT FOR THE INCOME, BUT IN IT FOR THE OUTCOME!

I would love nothing more to assist a dozen teachers this summer who are either buying or selling a home in the Greater Houston area. My summer goal is to give back a minimum of \$3000 this summer to schools and school programs of their choice.

THANK YOU FOR READING. LET'S MAKE A DIFFERENCE TOGETHER.
